Book a classified in UwP

Each issue of UwP is downloaded on average by over 22,000 readers worldwide. That makes it the ideal way to buy or sell your equipment. You can sell or buy your equipment for a flat fee of just £5 (**or £10 with a coloured box surround or £15 with a picture**) payable by Visa, Mastercard or cheque. Your advert can include up to 50 words and will be read by over 22,000 underwater photographers.

No other magazine can offer such a concentrated circulation.

We recommend that you use e mail as your contact address.

E mail the text of your advert to classifieds@uwpmag.co.uk. You can include your credit card number and expiry date or fax it to 020 8399 5709 or send a cheque payable to:

Ocean Optics Ltd, 13 Langley Avenue, Surbiton, Surrey KT6 6QN

Improve your image

Subal

The legendary housing of choice for many of the world's top underwater image makers.

Subtronic

These are the ultimate strobes. With fast 2 second recycling, optional laser aiming light and

Nexus

Offering the most versatile macro system in the world today, Nexus make possible extreme close up photography unavailable from any other housing line.

Nikonos

The classic underwater camera. We stock the range and have a fully Nikon authorised workshop facility.

Bonica

The Snapper builds into a neat system capable of creative pictures down to 150 ft, even in low visibility. It's so simple to use and, with prices starting at just £129, it's stunning value for money. This really is a breakthrough in price and performance. There's no better

Our aim at Ocean Optics is to keep you shooting. That's why we provide a full servicing facility in our own workshops for all Nikonos, Nexus and Subal equipment we import. We even have loan equipment for those impossible deadlines! If you choose to be an Ocean Optics client, you will benefit from the best support in the
